**House of Hope** is a non-profit 501(c)(3) organization run by the Click family. We help families that are in need of food or clothing. We live in Fitchburg and our 4 children attend Core Knowledge Charter School in Verona. We feel it is our privilege to help families in our community.

### Current Facility

Our 10,000 sq ft facility is equipped with office & warehouse space with a loading dock for our distribution center.

We are reaching over 1200 families with 100,000 pounds of food each month through the help of over 100 volunteers!

### Next Move

**The building we are currently in has sold and we are in need of a new home for the outreach by the end of September! We need your help. We are considering 2 different locations to expand the citywide food distribution. Both locations would allow us more space and the opportunity to partner with other agencies & ministries that help families in need! To purchase one of these buildings we need \$3 million. We are believing for the miracle of having a building debt-free.**
